

Model PAC70ECO

Single Unit Mobile Air Conditioner

Refrigerant used (R290) is completely CFC/HCFC and HFC free

Easy to remove water tank

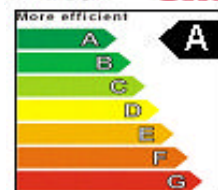

Turbo boost for maximum 9900Btu/hr output

Highly efficient filter

Featuring a **Filtrete™** Filter **3M**

High energy efficiency

Infa-red remote control

Specification

Appropriate room size: 4m x 7m (12ft x 24ft)

- Stylish, fully refrigerated air conditioning unit - highest power output of any single unit
- Unique twin condenser system for very efficient operation: 9,900Btu/hr (2900W) cooling - water or 6,500Btu/hr (1905W) air only
- Continuous running even if water runs out
- Electronic Control with:
 - Electronic 24hr timer
 - Auto fan: automatically selects appropriate fan speed for maximum comfort
 - Sleep function
- Infa-red remote control

- Thermostat
- 2 speed plus turbo fan
- 1.3 metre exhaust hose with oval flattened adaptor & installation accessory kit
- 3M Filtrete™ highly efficient air filter - trap particles as small as 0.3 thousandths of a mm
- Moisture removal rate of 1 ltr (1.75 pints) / hr
- Maximum airflow of 370m³/hr
- Rolling castors for easy movement
- Rotary compressor = low noise level (minimum speed): 45dB(a)
